Associate Degree Nursing

"The world grows better, year by year
Because some nurse in her little sphere
Puts on her apron and smiles and sings,
And keeps on doing the same old things,
Taking the temperatures, giving the pills
To remedy mankind's numerous ills,
Feeding the body, answering the bells,
Being polite with a heart that rebels.
Longing for home, and all the while
Wearing the same professional smile,
Blessing the newborn babe's first breath
Closing the eyes that are still in death.
Taking the blame for many mistakes.
Oh dear! What a lot of patience it takes:
Going off duty at seven o'clock,
Tired, discouraged, and ready to drop,
But called back on special at seven fifteen
With woe in her heart which must be seen,
Morning and evening, noon and night,
Just doing it over and hoping it's right.
When we lay down our caps and cross the bar,
Oh Lord, will you give us just one little star
To wear in our crowns with the uniforms new
In that city above, where the head nurse is YOU?"
